

Washworld Technologies

Making Car Washing Profitable

Virtual Attendant®

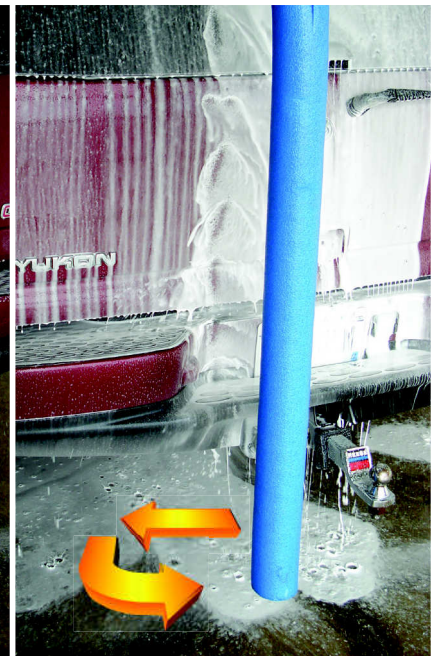

Automatically Compensates For Obstacles and Finishes the Wash!

Spray arch travels around the vehicle...

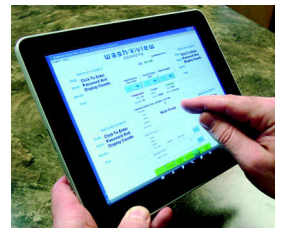

Sensing deflection, motion stops, automatically reverses direction...

Compensates for obstacle and completes entire wash process

Washworld offers car wash technologies that you just can't find anywhere else. Virtual Attendant® eliminates trips to the site to reset the wash. VS²® (Vehicle Sizing System) provides consistent vehicle sizing that is safe and reliable. Flex Pass increases thru-put with fewer product application passes. Our Washview® gives you access and control of your wash through a PC or laptop or even with a PDA or Smart Phone. At Washworld our innovations increase your profits.
